Recognition Dinner

Saturday, February 11

The Long Center

Clearwater, Florida

Welcome

Welcome Awards Banquet Participant!

Why attend the Annual Awards Banquet? Well, there are several reasons. For one it is a great opportunity to see people with their clothes on in a land based environment – now that's a novel idea. It is also an opportunity to have some great food at a reasonable price. You are able to actually spend time getting to know people and see that there is more to life than swimming laps. It is a time to hear about some of the extraordinary things that some of your swim mates have done. You have the chance to celebrate success through the sacrifice of others. It is a time of rich fellowship with some great people.

The Florida LMSC is like none other. We have talent that goes way beyond the starting block. How much do you know about the members of your own club? For most of us, we don't know our club members very well, much less the members of the FL LMSC. Hopefully we will all make the effort to spend more time with our team mates.

Our FL LMSC is a very dynamic organization. We have a healthy membership comprised of individuals with varying shapes and sizes. Each has special and unique talents. Some give and share their gifts while others don't.

At this time last year we had 802 members from 29 teams and we ended the year with 1,525 registered swimmers – 663 women and 862 men. At this time our membership is 899 members from 32 teams.

We have much to celebrate with performances and accomplishments. No matter whether we are the fastest in the pool, which is just one small measurement of success. As we look at our fine sport may we not be so short-sighted, but embrace all the benefits that are realized by each individual's contribution and accomplishment.

Share with your own team mates the fun that you have had tonight so maybe they will attend next year's Award Banquet. May each of us find the success we seek as we continue to enjoy reaching them together.

Yours in the water,

Tom Bliss
Chairman, FL LMSC
