WELCOME

Dear FL LMSC Membership,

It is my honor and privilege to congratulate ALL of you on your accomplishments with your 2006 swimming exploits. Six years ago, as the result of a survey of our members, the Annual Awards Banquet was created to recognize excellence in swimming. This is just one way that we attempt to serve our FL LMSC Membership.

As a body, we are comprised of individual parts which have specific functions and purposes that help to serve each other. No part should be looked at as more important than the other or for it to serve itself. It is critical that we each ask ourselves if our efforts are serving the common good of our organization - are we doing our part! It has been said that a chain is only as strong as it's weakest link...how strong is our chain? It is my opinion that in 2007 our chain is good and strong. Your new slate of officers have worked effectively and efficiently to selflessly serve the overall needs of our membership body. I have been blessed to work along side each one of them.

Over the past few years our membership body has grown. At this time last year we had 1079 registered swimmers and 34 total clubs, while this year our numbers are 1091 registered swimmers, 549 women and 542 men and a total of 36 clubs.

LETS CELEBRATE! We are in this sport together and it is important that we recognize the accomplishments of our own! Tonight, for the most part, we are addressing our swimming elite. However, remember that success is measured in various ways. Even though you might not have been recognized tonight, may your efforts not go unnoticed...continue pursuing your individual goals which leads to your own success.

Congratulations!

Tom Bliss
