Membership 11/30/23-2/24/24

- 1729
- MALE 815
- FEMALE 754

MEMBERSHIP TRANSFERS

- Membership transfers will take effect immediately.
- The effective date of the transfer will automatically be the date it was submitted.
- Membership coordinators will no longer be able to submit transfer requests. The digital form within their My Account will be removed on Feb. 3.
 - If a membership coordinator is needed to help with a club transfer, [this video tutorial](#) will walk you through the new self-management transfer process and aid with general questions, or email the details to membership@usmastersswimming.org.

Members and clubs can make nearly all account updates through their My Account or the club admin dashboard. [The My Account Updates page](#) will help you understand who sees which options and what information is included from that button on the My Account dashboard.

TRANSFER FAQ'S

There is no longer a 60 day waiting period to transfer your membership. Starting with the 2025 registration year a swimmer may change club affiliation at the time of annual membership registration and up to three additional times during the membership year.

Changing a swimmer's status to unattached does not count against the allowable club changes per year.

A swimmer may compete for only one club during a meet. A transfer submitted during a meet, including at the time of annual registration, may take immediate effect only if the swimmer has not yet competed in the meet.

Swimmers may declare unattached status at any time except during a meet in which they have already competed. Swimmers who intend to compete as unattached should change their registration status prior to the meet.

Example: I want to swim in the USMS Summer Nationals meet, which begins on August 9, but I want to represent my friend's club, XYZ. The entry deadline for the meet is July 4. Currently, I am a member of Club ABC and planning to swim in a meet July 10 on that club. How can I swim in the July 10 meet for club ABC and enter Nationals and swim for club XYZ?

As long as the effective transfer date is before the first day of the USMS Summer Nationals meet you'll be able to transfer to club XYZ. When you register for Nationals, enter with the club you're planning to swim with (XYZ). Initially, your entry will appear on USMS's "unverified list" (because your entry does not match with what is listed in your member record -- currently ABC). Once the transfer has been processed, your entry will be verified with USMS.
