Championship Patches

To date two opinions have been expressed. Both for the same design. There is no rush for this but things get let go usually wind up being late at the end. So please lets have your input soon. Our first Championship 'eligible' meet is in Charleston SC the 13-14 of February. I hope to go up never having been to a winter meet there. Your newsletters are appreciated. That was how the Memphis Meet found its way into the schedule.

To repeat ---The results of the Z designated meets go to three places. Robert Anderson 4549 H Northside Pkwy, Atlanta, Ga. 30339

Your LMSC Top Ten Recorder

To me Frank H Tillotson 2494-13th Ave. No. # 46 St. Pete, Fl 33713 With the results you send me the \$1.00 collected with your meet entry fees. This will be placed in its own account, Savings if possible to sve the cost of a checking account which I don't think we need. Our major expense, of course, will be patches. and computer recording of meets , and some newsletter expense.

It appears to me that there is misunderstanding as to what a Championship is. To me it is First Place in an event or First Place including a series of events. Unless we identify patches as 1st 2nd 3rd etc. it has no meaning to me to award them for several places. WHAT THINK YE?

As we get into the competitive season comments, records bettered Team or individual awards from meets or anything you'd like to see in print is more than welcome. We will use anything we can with plesure. So lets hear from you. This is a group interest

Holmes Lumber Jax

This is well covered elsewhere. Truthfully at first I was not enamoured with the idea however after a while it began to make sense. No Club, individually, is going to be more than a name over there, down under, With Holmes we will be exceeding noticable and a unit, and much more enjoyable with everybody swimming in relays. It is recommended that you give it a try. Transfer back to home Club will be quick.

We have some good meets coing up now. Get y our competition teams squared away, get your entries in WITH YOUR RELAYS. Ususaly we can deck enter relays so no excuse not to swim them. We are all pleased when we have a good turnout for a meet. That means we have visitors. The only way that happens is if we travel, so lets get to some of our neighbors meets.

From our Registrar, Catie Cooper we have word that you are doing a better job with information sent to her. Please be accurate and fill in all the proper places .Now that we have supplemented her personal equipment with units and a program everything is readily and easily accesible in the computer. Much time saved for one of our valuable volunteers; yes all volunteers are valuable. No one gets paid except a couple of National full time persons.

We have a very few 88 Calendars left. Your editor will be happy to mail yours; let me know how many you need. They're really nice.

Next LMSC letter due May . Deadline for copy to me April 15. We want to hear from you. Someone from our 22 clubs must have something to say. This applied equally to anyone in the Dixie Zone, with over 50 Clubs.

## HOLMES LUMBER JAX

O'Connel Center, Gainesville, FL. 16 Jan. 88. 50 meter meet. This was the first organizational meeting of Holmes Lumber Jax Brisbane team. 60 swimmers took part and three, Deb Walker, Gertrude Zint and Phil Riker were in good enough condition to better 5 national records. There were 60 U.S. top ten times achieved; great for an out of season meet! The meet was at the courtesy of the Univ. of Fla. and was run by Assistant Coach Buddy Baarcke, whose assistance, cooperation and expertise is greatly appreciated.

Accolades to Brenda Hennessey and Enid Uhrich for a super job. P. S. - the food was good, and abundant.

This is an effort to bring the world championship back to Florida. Plans call for an October 6 departure from Southeastern air terminals. The estimated cost is \$2050. There are added costs of meals and incidentals once we are there. This is a fine package and includes amenities such as admittance to the World Expo '88, etc.

Tiger Holmes pointed out he would like to accumulate as many unofficial points as possible. He feels like relays are the place to concrete. He ventured that points would come easier in the upper age groups with cumulative ages being used.

George E. Bole of St. Pete Masters was designated as one of the lead coaches. Subsidy wise, it was indicated that it could range from \$500 to \$800 depending on the number of swimmers, need and \$'s available beyond Holmes Lumber's initial \$50,000 contribution. Solicitation by individual swimmers is encouraged to offset expenses. The Holmes Lumber Jax travel agent is George L. Koski. Non-swimmers are welcome to accompany their partners at same fee but without subsidy.

Additional Holmes note from Brenda

Thanks in addition to Barbara Evans, Phil Kinsley, Joe Conniff, and Joan Glaraton for the help at the meet.

For Feb 20 free VHS Video taping will be available if you will bring your own film . (Very generous offer)

Going over the 87 long course top ten basis around 60 times in this meet would be in the top ten .

More information on the Brisbane trip is in the works and coming soon. Including other side trips b eing set up.

FEBRUARY 1988

St Pete Masters Inc

January isn't usually a great swimming month and 88 is no exception. Holidays, too much to eat, too little will power to get in and work some of it off. But we are back in the swim now. GEORGE HAS RETURNED! when we have 20 at 6:30 AM we know we are back at work. We had a pizza party with the Scottish swimmers just before they went back home. At Bill and Bev Tuckers Penn Flora Hotel. Nice gathering.... seems the youngsters from Scotland were vitally interested in American football. Phil and Jayne Lambke took all interested sailing on the 53' ketch they operate. Some took a rain check as it wasn't the most clement day.

On the 16th Bill Tucker chauffeured Bev, Jaune, George and me to Gainseville for the first Holmes Lumber Jax swim. We were met there by Carl Thornburg, Enid and Bill Uhrich. While it was rather out of season there were five Natioinal records bettered in the 50 meter swim. Sorry didn't get Ruth and Johnston in the participants above.

On the 16th Bill Tucker chauffeured Bev, Jayne, George and me up to his Alma Mater for the first meeting of the Holmes Lumber Jax swim Club At the O'connel Center. Carl Thornburg, Enid and Bill Uhrich, Ruth and John Johnston met us there. Even quite out of season 5 Natiomal Records were bettered in the 50 meter venue. About 60 swam.

The Long Course Top Ten speaks for itslef but the pendulun has swung fiaally for us. Meg Bell in the 800 free and Dawn Braciak in the 100 back set National Redords making their All American ratings. Congratulatio . To uphold the other swing of the pend- ulem Kay Schimpf set a new record in the 50 fly and had four other number one times. Now how about the middle sector of age?

Hour swim 24 Jan

On this dark, cold day North Shore pool was well inhabited. 36 completed the hour and many with very satisfactory results. A good number of helpers showed up to keep track and we appreciate their help. Meg Bell ( All American) swam 5035, outdistancing everyone. Come on Fellows, where are you? With this many swimming George was obviously in his favorite element. Up and down the deck, timing laps, urging more effort, and calling encouragement. Bill Singley, long time member and open water swimmers of note swam for the first time in a pool event. Now you can swim the 1650 in April ,Bill.

We had one visitor, Dave Malbrough who swims with Illinois Masters. Dave sent in his entry for the 1983 Southern Regional meet. He arrived, his entry never did. A short time ago Dave moved and in doing so found his entry with a negotiable postal money order. The misaddressed entry had been returned and he had forgotten it. So he brought it with him Sunday. We knew you were goo for it Dave. Thank you.
