

More Facts About FACT

MEMBERSHIP INFORMATION

- FACT is the official USMS Registered Club. Membership in FACT is voluntary.
- Members do not have to live within our LMSC.
- Combined teams are those teams that allow Workout Groups.
- Swimmers can register as unattached FACT or as a Workout Group of FACT.
- The cost to register a Workout Group with USMS is currently \$60.
- Currently there are two Workout Groups:
 1. Clearwater Aquatic Masters Fact (CLCF)
 2. Villages Aquatic Swim Team (VAST).
- Only one USMS registration per individual is permitted at any time.
- As long as all swimmers in a coached practice are currently registered with USMS regardless of club affiliation, USMS insurance will be in effect.
- There are no additional fees for membership in FACT, but donations to help cover the Club registration fee are appreciated.
- Members who compete in relays will be assessed a fee for participating in the relay, dependent on relay costs at said meet.
- Meets within our LMSC can be Club or Workout Group competitions at the Meet Directors discretion, but results sent to USMS will reflect the FACT registration for Top 10 purposes.
- All Clubs or Workout Groups remain autonomous financially and otherwise.

ADVANTAGES FOR FACT MEMBER

1. At meets within and outside the LMSC, individuals can participate in relay events.
2. Please let FACT know that you are interested in competing in relays at meets. Joan Campbell has been putting relays together since FACT started in 2004.
3. Relays can be created in a variety of age groups
4. Socially, it provides an opportunity for increased involvement in Masters swimming, which makes Masters swimming more enjoyable, and encourages more people to become involved in Masters swimming.
5. At National and International competitions where attendance is usually small, combined team members have a greater opportunity to create competitive, winning relays and contend National titles.
