Records update July 11, 2021

Nancy completed the reformatting of the records and updated all the records manually for 2020, which Meegan posted on our website.

During the reformatting work she did, she discovered the SCM individual records were updated to be SCY records in 2005. This required her to go back to 2004 and then go through the yearly update to correct the mistake, and the SCM records are now corrected.

Nancy's husband, Jim, has made good progress on the automation of the Records. He has the individual automation code working pretty well, so Nancy will be able to use it to update the Florida Records, at the end of June when the SCY 2021 Top 10 will be released. He says there are 1,668 individual records. Nancy will be doing the SCY relay records manually until he has the relay automation code working. The automation code is pretty tricky and he has been spending a lot of time working on it. He also is validating the results of the automated program to compare to the history of the Florida records, and finding and fixing mistakes made. He hopes to modify the program to try to use the USMS top ten file, and compare it to the FL LMSC top ten. This sounds confusing, but with Jim and Anna Lea's knowledge, he found the 2 sources are needed before 2013-2015 so the USAS meet times are included in our records.

When he completes that he will start the relay code. When he completes the relay code he will look at writing code that creates the formatted updated records file, instead of having someone take the raw output of the program and updating the formatted updated records file by hand. Finally, he will write documentation on how to set up and use the automation code.

Thank-you, to Jim and Anna Lea Matysek for their knowledge and advice.

## Florida LMSC Sanctions & Top 10 Report

Anna Lea Matysek, July 9, 2021

### ***Status of Meets in the Florida LMSC***

We have been lucky to host as many, if not more, meets in 2021 than any other LMSC in the country. The Florida LMSC also appears to have more meets on its schedule (for the rest of 2021) than most other LMSCs. (In contrast, the Pacific LMSC, which is the largest in the country, has had NO meets since February, 2020.)

Sarasota's April SCY meet had 171 participants and the annual Bumpy Jones LCM Classic had 153 participants. Six national records were set at the April meet, and 13 national records were set at the Bumpy Jones meet, six of which are also potential world records.

I expect to see more potential national records being set at our next two events, the July 31 Good Life Games (Clearwater) and the August 14-15 St. Pete Long Course meet. I'll be working with the data administrators for those meets to ensure that they load the current USMS records into their Hy-Tek software before the meet, and flag any potential national records set during the meet. (This is important because the paperwork required for national records includes the timing console tapes and paper timer sheets, which must be collected at the meet.)

Because of the lack of meets in the U.S., our events are attracting out-of-town participants. The upcoming St. Pete meet, scheduled for August, already has entrants from Arizona, Georgia, Kansas, Michigan, North Carolina, Ohio, Texas, and Utah!

The Southeast Zone website (<http://southeastzone.org>) has a list of all meets scheduled in our zone.

### ***Here is a list of the meets held or scheduled in the Florida LMSC in 2021:***

Date	Event Title	Course	Sanction Type
February 6	Gulf Coast Games for Life (Senior Games) Meet held; 56 participants	SCY	Recognition

## **2022 State Games of America**

The State Games of America is an Olympic-style event featuring competition between State Games medal winners (gold, silver, bronze) from across the nation. There are currently 30 states conducting or organizing statewide sports festivals known as State Games. The 2022 State Games of America will be held July 27- August 1, 2022 in Ames-Des Moines, Iowa in July, 2022.

Qualifying requirements:

2019 (after July 1): All gold, silver and bronze medalists qualify from National Congress of State Games (NCSG) Member State programs, both Winter and Summer.

2020: All athletes who participated in an NCSG Member State event, both Winter and Summer, qualify.

2021: All gold, silver, and bronze medalists qualify from NCSG Member State programs, both Winter and Summer.

2022 (before July 1): All gold, silver, and bronze medalists qualify from NCSG Member State programs, both Winter and Summer.

Any medalists from the 2019 State Games of America are eligible to compete in 2022, if they participate in a NCSG Summer or Winter Games event in their state between July 1, 2019 - July 1, 2022.

## **Webmaster Report – July 11, 2021**

**Meegan Wilson**

On May 7, 2021, Sheila, our newsletter editor, was contacted by the National Office asking her to put information about the “Try Masters Swimming” month of July in our June newsletter. Since we had just published our May newsletter, and don’t have another newsletter until August, I volunteered to put the information on our website instead. I put info both on our Registration page and on our Training page.

Through our insurance, we have had the ability to welcome a potential member to a supervised club practice for many years. A 30-Day Tryout registration form must be filled out either digitally or on paper prior to participating.

Here are the try-out rules:

- Tryout memberships are limited to 30 consecutive days in length.
- Tryout memberships are limited to one per lifetime.
- Tryout memberships are for workouts or clinics only.
- Tryout memberships cannot be used to participate in swim meets or open water race events.
- A Tryout membership provides secondary personal accident coverage to the participant while participating in the USMS activity.

USMS is emphasizing the “Try Masters Swimming” month in July as a way to get new members. Go to our website, <https://floridalmc.org/>, and on either the Registration or Training page you will find a link to a Trial Membership form and a Participating Clubs link. Florida has 10 participating clubs as of July 4<sup>th</sup> 2021, but a club can still sign up and get on the list.

**Florida LMSC Officials Proposals**

On June 30, 2021 our FL LMSC was asked by USMS to participate in a meeting with Board member, Pacific NW LMSC, John King.

The purpose of the meeting:

The Board has once again planned direct outreach to LMSC's through a communication working group. Seven board members have each been assigned a group of LMSCs to contact before June 30. These calls follow successful communication and feedback through similar Board member hosted calls in 2019 and 2020.

John King has been assigned to schedule a call with your LMSC to discuss any topics from your LMSC on which you feel the Board should be aware and to gather feedback on Board direction, priorities, and projects.

Meegan Wilson, Cheryl Kupan, Mike Whaley and Nancy Kryka participated in the Zoom call.

### Meeting Summary:

- We presented John with our LMSC's accomplishments (see below for the list)
- John asked us about the USMS matching COVID payback program. We replied our board felt that it would be too much work, with 70 clubs, and offering it to all clubs to be fair, for the benefit.
- John asked us what we thought of the USMS virtual convention. The LMSC participants all agreed productive and successful future conventions should be held in person. Person to person engagement at conventions is needed. The virtual convention saved money, and saved the time and effort of our LMSC hosting 2 hospitalities. But, the convention attendees missed the in-person interaction, the meetings went too late and too many days, and not everyone could easily participate in the open discussions (we wondered if some people were blocked from responding?)
- When John asked the LMSC participants if there was anything we wished to let USMS know about, we responded by asking why the Recognition fee is \$100 as compared to the \$50 Sanction fee, since USMS does not supply insurance, and it does not cost USMS more money. The Recognized meets are a lot of extra work on the part of the LMSC Sanction and Official volunteers to hold. This recognition supports our members and may get new members because of it, so why is the fee higher?
- We asked John about what he had heard about from the other LMSCs. Were there things we could learn from that might benefit our LMSC? John replied that our LMSC seems to be very typical and he would try to let us know suggestions, if he becomes aware of them.
- Since John said he was an Official, we asked him what suggestions he might have about encouraging USMS members to become Officials. John responded that in his Pacific LMSC, the LMSC reimbursed 7-8 Officials at their 3 major meets, SCY, SCM, LCM for \$75 each for a total amount of less than \$4,000.
- We offered the Records automation code our LMSC is developing to automate updating our LMSC's records. John was interested and will have someone contact Nancy.

## FL LMSC's Accomplishments for 2020 and 2021

The Florida LMSC supports meet hosts paying the \$50 sanction fees and \$100 recognition fees for meets held in the LMSC. The LMSC supports open water race directors by paying half of the sanction fee and half of the USMS insurance surcharge, up to \$500 total. The LMSC also encourages event organizers to use online meet entry, and provides \$3 per entrant to the host of a sanctioned meet or open water race if they use online entry for their event.

We support our members by reimbursing \$50 for certification fees upon completing their USMS coaching certification and Adult Learn to Swim (ALTS) certifications.

We are working on automating our LMSC records

Board is entertaining ways to give back to our members as we are fortunate to have funds in our account that were to go to hosting 2 "in person" conventions and sending members to convention, however, last year and this year convention was/is "virtual."

We are supporting USMS swim clinics by paying the pool rental fee expense for our members.

Proposal to run Officials clinics in an effort to increase the number of certified officials in our LMSC.

Our LMSC successfully sanctioned and held some of the only swimming competitions this past year including Sr Games meets. Here is the list of meets held in our LMSC the past 2 years and the number of participants:

2020 (Pre-Pandemic):

- Jan 25: Circus Town Classic (81)
- Feb 1: Gulf Coast Senior Games (44) (recognized)
- Feb 8-9: Valentine's Meet (179)
- Feb 29: Good Life Senior Games (66) (recognized)
- Mar 11: Capital City Senior Games (28) (recognized)

2020-2021 (End of Pandemic):

- Nov 7-8: Shark Tank Intersquad Meet (62)
- Dec 5-6: Florida Senior Games (170) (recognized)
- Dec 20: St Pete Intersquad Meet (37)
- Feb 6: Gulf Coast Senior Games (56) (recognized)
- Feb 14: St Pete Intersquad Meet (26)
- Apr 17-18: Sarasota "Take a Bite out of COVID" meet (171)
- May 4: Capital City Senior Games (29) (recognized)
- Jun 5-6: Bumpy Jones Classic Meet (153)

We met and passed all the USMS compliance checklist criteria for our bylaws, financials, member services and holding our board meetings.
